**MEMORANDUM AND ORDER**

This matter is before the Court on petitioner's pro se petition for writ of habeas corpus pursuant to 28 U.S.C. § 2241. The Court lacks jurisdiction to grant the writ, and the Court will dismiss it.

A district court's jurisdiction over writs filed pursuant to 28 U.S.C. § 2241 is geographically limited to the judicial district in which petitioner's custodian is located. 28 U.S.C. § 2241(a); Rumsfeld v. Padilla, 542 U.S. 426, 442 (2004). Petitioner is currently confined at Lexington Federal Medical Center in Lexington, Kentucky. Petitioner's custodian, therefore, is located within the Eastern District of Kentucky. Consequently, this Court lacks jurisdiction to grant the writ, and this case shall be dismissed pursuant to Fed. R. Civ. P. 12(h)(3).

Accordingly,

Notice of Appeal this courts dismissal  
of this CASE

DNA is unconstitutional. The prison staff at FMC Lexington, DR. Michael Grouse and DR. Maria Marrero strapped me in a chair blindfolded and took my DNA Against my will. This is theft of my bodily fluids, I did not consent to the Abduction of my DNA, and also they pricked my finger which still hurts and I was not provided a band aid and so more of my DNA was lost when it leaked out on the floor and I slipped and fell on it which caused me shock. My DNA was entered into NCIC and interpool and now I'm being investigated for the Jon Benet Ramsey abduction and my DNA was on Ted Kaczinski's manuscript and the FBI said that my DNA was in Michelle Obama's panties which Barack Obama is so pissed off he will not give me a presidential pardon, which I need to clear my record so I can work the porno industry visual entertainment in Los Angeles. Warren Jeffs is using my DNA to clone sheep and children. Los Angeles police say my DNA was in O.J. Simpson's Murder glove, which is not true. This is Defamation of my character and reputation. I appeal.
